

[iHome iP1 Wins Awards at CES 2010](#)

January 11th, 2010

RAHWAY, N.J.–([BUSINESS WIRE](#))–iHome, a leading provider of innovative iPod & iPhone speaker solutions, today announced that it has earned three highly coveted CES Innovation Honoree Awards in the categories of Audio Components, Personal Electronics and Home Appliances. On display throughout CES 2010 in the **North Hall, booth #N245**, the award-winning new speaker solutions include the **iP1 Speaker System for iPod/iPhone**, **iA5 App Enhanced iPod/iPhone Alarm Clock Speaker System** and the **iP39 Kitchen Timer and Alarm Clock Radio Speaker System for iPod/iPhone with USB Charging**.

“We’re very excited about our entire 2010 product line and welcome people to visit our booth during CES to check them out first-hand.”

Category: Audio Components.

Winner: iP1 Speaker System for iPod/iPhone. Representing the cutting-edge in both digital audio reproduction and industrial design, the iP1 outputs 100 watts of premium sound through custom designed 4-inch woofers and 1-inch silk dome tweeters, all of which are powered by Bongiovi Acoustics’ proprietary [Digital Power Station processor](#).

Category: Personal Electronics

Winner: iA5 App Enhanced iPod/iPhone Alarm Clock Speaker System. The industry’s first ‘App Enhanced’ iPhone speaker dock that integrates an interactive App with a dedicated bedside alarm clock. The iA5 takes every aspect of the bedside experience and makes it better by offering a wealth of customizable features including alarm settings, sleep pattern tracking, social media updates and much more.

Category: Home Appliances

Winner: iP39 Kitchen Timer and FM Alarm Clock Radio Speaker System for iPod/iPhone. The perfect audio appliance for those that want added functionality in the kitchen. Designed with the look and feel of a premium kitchen appliance with stainless steel accents, the iP39 is both an alarm clock radio and dual bake timer that gives users a place to dock, charge and play music from their iPhone or iPod.

“It is a great honor to be recognized by our peers for our efforts to innovate the iPod and iPhone accessories category,” said Evan Stein, vice president of Marketing, iHome. “We’re very excited about our entire 2010 product line and welcome people to visit our booth during CES to check them out first-hand.”

Additional information on iHome's new lineup of products will be released later this week. For further information on iHome's currently available product line, please visit www.ihomeaudio.com.
